ABOUT ME

Passionate and dedicated Web Developer with hands-on experience in designing, developing, and maintaining websites. I bring a strong understanding of responsive design principles, ensuring seamless user experiences across all devices. Currently seeking new opportunities to leverage my skills in a dynamic team environment.

PERSONAL PROJECTS

E-Commerce Web Application — Strapi + Next.js + Stripe Integration

I developed a full-featured e-commerce web application using Next.js 15 (TypeScript) for the frontend and Strapi v5 as the headless CMS backend.

The platform enables seamless product management, secure checkout, and real-time order tracking through modern web technologies.

Key Features:

⚙️ Headless CMS (Strapi v5): Custom content types for products, orders, and order items with full CRUD management.

💳 Stripe Integration: Secure checkout and automated payment flow using Stripe Checkout Sessions and webhooks.

🛒 Shopping Cart System: Built with React Context API and localStorage for persistent cart data.

🔄 Webhook Automation: Real-time synchronization of paid orders into Strapi after successful Stripe payments.

🔍 Dynamic Product Pages: Server-side rendered product detail pages with slug-based routing and SEO optimization.

🎨 Responsive UI: Clean design implemented with Tailwind CSS for a modern and accessible shopping experience.

Tech Stack:

Next.js 15 · TypeScript · Strapi v5 · Stripe API · Tailwind CSS · Node.js · REST API

EDUCATION

- Skillbrain(02/2024)
Front end developer course
- Alba Iulia University
Bachelor of Information Technology (2019)
- Alba Iulia University
Bachelor of Economics (2003)

SKILLS

Hard skills

- HTML5, CSS3, JavaScript ES6+, OOP
- REST API
- Async programming
- Promises
- UI/UX
- Event management
- Web request
- DOM manipulation
- Interfaces
- React 18+, Next.js
- Git, GitHub
- Notion

Soft skills

- Teamwork
- Problem-Solving
- Adaptability
- Continuous Learning
- Attention to Detail
- Time Management

WORK EXPERIENCE

Logistic worker | FruityLine BV | June 2025-

Ochten Netherlands

I am a forklift operator in the logistics department of a natural juice manufacturing facility. My responsibilities include safely operating material-handling equipment, coordinating the movement and storage of goods, and managing production by-products in accordance with operational and safety standards. I also support my colleagues within the department by assisting with truck loading and unloading operations, as well as handling and preparing packaging materials required for production. I contribute to maintaining an efficient workflow and a clean, organized, and compliant working environment.

Internship | Skillbrain – Jogga | React, Next.js, CSS | February 2024- May 2024

On line

Integrated dynamic React booking application with the Next.js framework to enhance server-side rendering and SEO performance.

Project Experience:

- Refactored Layout of Sports Pages:
 - Improved and optimized the layout for better user experience and visual appeal.
 - Enhanced page responsiveness and performance.
 - Ensured cross-browser compatibility.
- Bug Fixes and Modal Implementation:
 - Identified and resolved bugs affecting the functionality of sports pages.
 - Refactor a modal to manage and display bug fixes, improving user interaction and error handling.

Worker | Schmälzle Fleischwaren | Production | August 2022-August 2023

Pfullingen · Germany

- Worked in a food factory adhering to strict deadlines and precise compliance with cleaning and safety regulations.
- Operated and maintained various food processing machines ensuring optimal performance.

Achievements:

- Together with the team we achieved 99.5% of the daily order

Forklift Operator | Kuehne + Nagel | Logistics | October 2016 - November 2019

Sebes · Romania

Operated forklifts to load and unload goods from trucks and storage areas.

- Implemented Dijkstra's algorithm to optimize routing and order fulfillment processes in a logistics management system.
- Conducted daily equipment checks to ensure the forklifts were in proper working condition.
- Followed all safety protocols and procedures to prevent accidents and injuries.
- Coordinated with team members to optimize workflow and improve efficiency.

Achievement:

- Increased order fulfillment efficiency by 50% through route optimization and improved delivery schedules.

Deputy Chief Store, Commercial worker | Sales | Billa Romania, Penny Market, Kaufland | February 2010 - February 2015

Sebes, Orastie · Romania

- Trained in another city for 3 months to learn company operations and working methods.
- Served customers at the meat showcase and managed orders based on stock levels and sales forecasts.
- Monitored expiration dates and temperature charts of storage spaces.
- Participated in partial and complete inventories, achieving excellent results recognized by supervisors.
- Assisted the Store Chief in overseeing daily store operations to ensure smooth and efficient functioning.
- Managed a team of 10+ staff members, including scheduling, training, and performance evaluation.
- Supervised inventory control, ensuring adequate stock levels and minimizing shrinkage.
- Implemented store policies and procedures, ensuring compliance with health and safety regulations.
- Handled customer inquiries and complaints, providing effective solutions to maintain high customer satisfaction.
- Coordinated with suppliers and vendors to manage timely deliveries.
- Collaborated with the team on the opening of a new store.
- Analyzed sales data to identify trends and develop strategies to improve sales performance.
- Organized promotional events and sales campaigns to attract and retain customers.
- Managed orders based on current stock levels, previous sales, and forecasts.

Achievements:

- Reducing losses by 50% through effective ordering, staff training, and stock tracking.
- Synchronization with the team to achieve sales targets for 6 months in a row
